Hore-Belisha To Speak

SPECIAL TO HONGKONG DAILY PRESS

A most important debate is expected to take place in Parliament tomorrow, states a Havas message from London, when according to many competent observers, MR. DAVID LLOYD GEORGE, Prime Minister in the Great War, will lead the attack against the Government's policy in Norway

A stormy session is expected as the 78-year-old former Premier will probably be joined in the attack by:

MR. LESLIE HORE-BELISHA Minister for war who resigned in

January: MR. A. DUFF-COOPER, former First Lord of the Admiralty; MR CLEMENT R. ATTLEE, Leader of the Labour Opposition: SIR ARCHIBALD SINCLAIR, Leader of the Liberal Opposition. MR M. K. MACMILLAN, Labour M. P. for Western Isles; and MR. GODFREY NICHOLSON, Conservative M. P. for Farnham.

All interpellators will probably were pursued and will demand that severely criticise the conditions in the war be pursued with the utmost which the Norwegian operations energy.

Opposition circles openly declare that the present Government "lacks dynamism" and the situation can only be changed only be a through Cabinet reshuffle.

Thus, Mr. Herbert Morrison declared that Labour would not be participating in a Government which included Mr. Cham Berlain Sir John Simon and Sir Samue Hoare, Air Minister.

Political circles, however, are o the opinion that tomorrow's debate will not result in a motion of non-confidence as such a solution is rarely resorted to in war-time but a clear indication will be given of the Opposition's desire to see a younger, broader and energetic Ca-

Admonition To Pray For Peace

ROME, May 5 (Reuter)—"The hour has come for all Italians to pray for peace in the midst of the troubles of these days," declared His Holiness Pope Plus XII in a sermon delivered in the Church of Santa Maria Sopra Minerva in Rome and which was broadcast by the Italian wireless stations.

The sermon was delivered at the conclusion of a Solemn Mass in connexion-with the proclamation of St. Catherine of Siena as one of the patron saints of Italy and the admonition to pray for peace was the Pope's concluding remark.

M.P. Urges Premier, Simon, Hoare To Consider Resignations

The paramount need for air mastery and for the establishment of a smaller War Cabinet is stressed by Mr. J. L. Garvin, Editor, in The Observer, states a Reuter message from London.

Mr. Garvin says, "We require, above all, two things. First, a supreme effort____ for absolute air mastery and, second, we require a smaller War Cabinet composed of a few men free from departmental routine who will give their whole minds to higher direction of the war.

"It is certain that until we have both these things our cause will not make head-

Regarding the air, Mr. Garvin says that the Government ought, from the outset of the war, to have taken measures on a larger scale and driven them forward with the dynamic vigour that Mr. David Lloyd George applied twenty-five years ago to the Ministry of Munitions.

The Allies cause demands nothing less than air supremacy of two to one against Germany in view of the "other contingencies.

Referring to the War Cabinet, Mr. Garvin declares that there is no movement for personal reasons against Mr. Neville Chamberlain as Prime Minister but it was incumbent on him to provide an invigorated Government and a more efficient system of war thinking war planning and war waging that the nation demands and the Allies cause urgently claims.

Returning to the same subject in another column, Mr. Garvin declares we now need a National Government in the fullest sense of the word with the adhesion of Labour, Sir Archibald Sinclair's Liberals and Mr. Lloyd George.

Carried Out Military Operations By Allies In Norway:

MR. LLOYD GEORGE

LONDON, May 5 (British Wireless)—A clearer view of the military operations carried out by the Allies in Norway and the tactical conception which inspired them is now possible. The latter were based on certain assumptions which it can now be seen did not allow enough either for the ingenuity, thoroughness and disregard of conventional restraints of the Nazis, or for the failure of the Norwegian authorities to realise the danger which threatened their country.

With the knowledge that the Germans were practicing amphibious operations the Allies prepared small forces, which had been sufficient to forestall the Nazi invasion, had called for assistance to come in time.

"IT IS NOT ENOUGH TO BE ABLE TO RECEIVE BLOWS. WE MUST GIVE THEM" - MR. MORRISON

LONDON, May 5 (British Wireless)-In a speech at Southampton yesterday, MR. HERBERT MORRISON, Labour M. He deprecated attempts to present these events as a British victory.

"It is of real importance that our people should be able to take i blows and at the same time to keep up their morale," he said, "I bel'eve they are so able. But it is not enough to be able to receive blows. We must give them. We must vie them.

Eastern Beat Navy 4-3 In Entertaining Game

A large crowd was present at the (Royal Naval) Recreation ground at Causeway Bay yesterday afternoon for the charity football match between Eastern Athletic Association, Senior Shield winners, and the Royal Navy, most successful of the Services' teams.

As expected, the Chinese team proved too good for the sailors and won by four goals to three, without extending themselves unduly.

ST. JOHN'S CATHEDRAL SPECIAL SERVICE

Dr. Reichelt On Need Of Dynamic Faith

"The war is ploughing deep furrows in our European homelands, deepest in the life of the soul, and the mind. May these furrows, by the grace of God and by the faithful co-operation of all believers, be turned into a fertile field, a blooming vineyard, for the new springtime which is dawning over the world in the West and in the East."

GOD'S CO-WORKERS

Taking a verse from Corinthians I-"For we are labourers together with God. Ye are Gods husbandry, ye are God's building, the Revd. Dr. Reichelt said:

It is most wholesome during these dark days of human history to ponder these fundamental thoughts of our Christian faith. St. Paul states that the disciples , of Christ are co-workers with God, and he wants the Christlans in Corinth to remember that just as they themselves -are God's husbandry and God's building so by the power of God they may be enabled to take part in the building up for a new order of life. GOD'S WILL

We do not believe that God has sent the war. It is not according to His holy will, The war has been prepared and created by men. It is the result of the war in our own hearts and in our societies, the disharmony and selfishness, the hatred and the selfdeceit, the total result of our sing as individuals and as nations. God has not willed the war.

On the other hand we profoundly believe that God is with us in our misery and sufferings and further, we believe that God is taking our blunders and miseries In o his own hand and he will turn them into opportunities in build ing up the new order, the order of God's kingdom on earth. Democracy Compared With Dictatorship

LONDON, May 4 (British Wireless) - Mr. Clement Attlee, Leader of the Labour Opposition, speaking at Ipswich today, said that events of the" week in Norway had inevitably, caused a good deal of anxiety. It must be acknowledged that the Allies at present had been unable to prevent southern Norway from passing into the hands of Hitler, he said, that was set back.

In the House of Commons next week the matter would be. discussed fully. It would be the duty of the Government "to satisfy the nation that everything possible was done. The fact that the government must render an account of their actions to representatives of the people, he hald, marked the difference between Democracy and Dictatorship.

The fate of Denmark and Norway ought to bring home to everyone the issues at stake in this contest, continued Mr. Attlee. The Allies were fighting to make a world in which small, peaceful peoples would be able to live their

YAUMATI FERRY MEETING

SUCCESSFUL YEAR IS REPORTED

The advance purchase of large supplies of fuel and stores was of material assistance in bringing shout the increased earnings which enabled the Hongkong and Yaumati Ferry Co., Ltd., to complete another successful year with u nett profit of \$465,982.98.

This was disclosed at the Company's annual general meeting "on Saturday by Mr. Lau Tak-po, managing director, when moved "the adoption of the report accounts. The motion was duly carried.

There were about 70 holders present in addition to the following directors:—Dr. Kwan panies. Sum Yin (Chairman), Mr. Kwok Chuen, Mr. Cheng "Kwok On, Mr. Young Tsun Dart, Hon. Mr. T. N Chau, Mr. Chan Kam Yung, Mr.

factory position of the Company, to Mr. Lau said that the directors were happy to report another successful year notwithstanding the outbreak of war and the very heavy increase in the price of fuel and stores. Fortunately, large supplies of these had been obtained early at advantageous prices.

Continuing, Mr. Lau said:-Traffic receipts from both passengers and vehicles have been maintained and I feel that this will remain so until the solution of the war in China.

VESSELS REFITTED

In March last year we acquired the three remaining vessels owned by the Hongkong and New Territories Ferry Co., Ltd. Two of them were built of steel and driven by diesel, engines. three vessels have since been refitted and given improved accommodation and are very "valuable additions to our fleet.

One of them, the former Sun U, was lengthened by the Hongkong and Whampoa Dock Co., Ltd., which resulted in a 'great improvement to the ship's stability and carrying capacity without reducing her speed,

The ferry vessel Man Yee unfortunately went ashore in Honghom Bay during the October typhoon and sustained a heavy bill for repairs and salvage which has been debited to our Insurance Fund.

Early this year the Man Fat was successfully converted into a diesel engined Ferry Vessel and has given very good results. view of this it is proposed to install diesel engines into more ships in 1940.

In view of the proposed War Taxation and the continued rise in fuel and stores, your directors are recommending the payment of the same dividend as for last year, namely \$2.40 on Ordinary Shares and \$2.90 on Preferential Shares, and that a large

NEW YORK COTTON: Business was small and the tone steady. Prices hardened on the limited supply of contracts, rather than aggressive Trade buying.

NEW YORK RUBBER: Akron interests were the best buyers recently, whilst outside speculators are beginning to appear. It is believed that most of the recent purchases were based on expectations of a 70 per cent. quota and further increase in freights. We would accumulate on any easiness.

CHICAGO WHEAT: Beneficial rains in the North-West checked the advance. The Trade is nervous but friendly, following European political news closely.
